EDUCATION

Deakin University — **Melbourne, Australia**
Master of Business Analytics, Specialisation: Global Supply Chain Management — *Mar 2024 to Nov 2025*

Anna University — **Chennai, India**
Bachelor of Engineering, Electrical, Electronics and Communications — *Jun 2018 to May 2022*

EXPERIENCE

Prodapt Solutions, Client: Lumen Technologies (USA) — **Chennai, India**
Business Analyst and Salesforce Developer, Enterprise Telecom Platform — *Jun 2022 to Jan 2024*

- Delivered a three phase migration of over 100,000 records with zero data loss by identifying data quality risks early, building a formal validation checkpoint to control migration risk, and coordinating data governance across multiple stakeholder groups.
- Cut manual support requests by 35% of monthly volume by leading requirements gathering sessions with end users, capturing their feedback, and translating business priorities into operational process improvements and workflow configurations.

MKS — **Melbourne, Australia**
Customer Service and Inventory Assistant — *Jun 2024 to Jul 2025*

- Handled customer enquiries by phone and email while operating the point of sale system.
- Maintained stock availability by handling stock, completing stock counts and placing orders.

Woolworths Group (Part Time) — **Melbourne, Australia**
Customer Support Representative — *Jul 2025 to Present*

- Achieved a 96% customer satisfaction rating over 12 months by taking ownership of high volume in person queries through to closure while multitasking across competing priorities in a fast paced, SLA driven environment.

The Holland Foundation (Volunteer) — **Melbourne, Australia**
Trainee Volunteer — *Aug 2026 to Present*

- Maintained bookkeeping and account records for the foundation's op shop and administration office.
- Interviewed prospective trainees and mentored incoming volunteers in the foundation's retail and office administration training program.

PROJECTS

Melbourne Housing Price Prediction — **Python, XGBoost, SHAP, Gradio**

- Reduced prediction error by 18% against baseline RMSE by building and deploying an XGBoost regression model trained on historical housing sales data.

Business Intelligence Dashboard — **Power BI, DAX, SQL**

- Reduced manual reporting time by approximately 4 hours per week by automating recurring reporting in Power BI.

World Vision Australia, Fundraising Analytics — **Predictive Modelling, Simulation**

- Increased projected revenue per contact by 18% by designing a predictive segmentation model and real time revenue simulations to recalibrate donor ask tiers against competing stakeholder priorities.

Skilled Migration Insights Dashboard — **Python, pandas, Streamlit**

- Built an interactive Python and pandas dashboard analysing patterns across Australia's three major skilled migration pathways using publicly available government visa grant data.

SKILLS

Customer Service: Phone, email and in person support, query resolution, customer experience, empathetic communication, active listening, multitasking across systems, point of sale, stock counts and ordering.

Platforms: Salesforce (Administration, SOQL/SOSL, OmniStudio low code development, REST/SOAP), JIRA, ServiceNow (ITSM).

Risk, Process and Delivery: Data quality validation, data quality risk identification, business process mapping, current state and future state analysis, root cause and impact analysis, process improvement, continuous improvement, requirements gathering, stakeholder reporting, cross functional stakeholder coordination.

Data and Analytics: SQL (query, debug, validate), Power BI (DAX), Excel, Python (pandas, XGBoost, SHAP), Tableau, dashboarding and reporting, data visualisation, predictive modelling, simulation.

CERTIFICATIONS

Power BI (LinkedIn Learning, 2024) • Tableau (LinkedIn Learning, 2025) • AI Fluency: Framework and Foundations (Anthropic Academy, 2026) • Salesforce Certified Administrator, Platform Developer I, OmniStudio Developer (2023)
